Summary

I enjoy creating things that live on the internet, whether that be website, applications or anything in between. My Goal is to always build products that provide pixel-perfect, preformant experience. Very interested in learning new stuff and research further to unknown tech.

Experience

Parasight Solutions (Jan 2021 - Present)

Working as a freelance web developer, my current role is to build websites using the latest design principles and guidelines.

Adenhanseo Online Solutions (Feb 2020 - May 2020)

Worked as a web developer, with the role of creating and handling websites.

Education

Bachelor's Degree IT, from University of Mumbai with **7.2 CGPA**

HSC, from Holy Angel's Jr. College with **73%**

SSC, from Home Of Faith High School with **63%**

Projects

Below projects are personal projects

Hunger Junction
